# A NOTE FROM HEAD OF HANDBAGS & ACCESSORIES, ASIA PACIFIC

## Dear Collectors,

Welcome to the spring auction of Handbags & Accessories Hong Kong. Spring is a season full of vitality, colours, sunshine and joy – as is the curation of this sale.

Every single lot I chose for the auction was carefully selected to present the essence of handbag aesthetics, ranging from oak wood, calf leather and ostrich to the finest exotic skins. Each handbag has a story to tell. The variety of styles, colours and materials vibrantly showcase the limitless and unparalleled creativity in the world of handbags today. I have been passionate about handbags for many years and have witnessed the evolution of the handbag from a daily essential to collectible art piece. The sophisticated craftsmanship and creative ingenuity still give me goosebumps whenever I am presented with a beautiful handbag.

On the following pages, you will find highlights from the sale alongside what makes these bags truly special. I hope this introduction pack inspires and gives you as much joy as it has myself, and the team, in being able to curate such a spectacular selection. To view the full collection on offer, visit [Christies.com](https://www.christies.com) or simply scan the QR code at the bottom of the page. Please take time to review the auction and don't hesitate to connect with us for more information.

Best wishes,

**Winsy Tsang**

## KELLYWOOD

Crafted from natural Bog Oakwood and Fauve Barenia leather, the Kellywood features a front flap of Barenia leather, Barenia accents, white contrast stitching, two straps with center toggle closure, a single rolled handle, and a removable strap.

This iconic Kelly bag is dressed in wood for the first time, giving rise to this exceptional version. Kellywood celebrates the encounter of two types of expert craftsmanship: saddlery-leatherwork and joinery. The fruit of an inventive procedure, almond-shaped wooden hulls from a wood and metal marquetry, revealing an overlay chevron motif in aluminum that seamlessly becomes one with the material. This is the newest release from Hermès and only an extremely limited quantity is produced.

## FAUBOURG BIRKIN 20

One of the most coveted edition of the Hermès Birkin in Christie's auctions is none other than this Limited Edition Faubourg Sellier Birkin. Inspired by the heritage of the legendary flagship boutique located at 24 rue du Faubourg Saint Honoré in Paris, this unique creation mimics the maison's daytime facade with creative craftsmanship and vivid imagination. Designed with both heritage and modernity in mind, collectors will love the masterful details in the structure such as the windows and awnings crafted from exotic skin and multiple calf leathers. The small things matter a lot in a Hermès bag - the clochette is made with orange leather with the adorable handles as a tribute to the classic orange shopping bag. The Faubourg Birkin also features two new innovations including a new 20cm size and construction of the Birkin Sellier.

## HERMÈS HIMALAYA

The ravishing Hermès Himalaya Birkin Bag is considered the Holy Grail in a Handbag collection, while the Himalaya Kelly is fabled as 'The Rarest Handbag in the World'. What makes this handbag so outstanding lies in the construction of this wearable work of art, a striking blend of superlative design with fabulous materials.

Crafted from Niloticus crocodile, the Himalaya is famous for its delicate gradation of colour: fading from a smoky grey into a pearly white, resembling the majestic, snow-capped Himalaya mountain range. By using precious materials, coupled with exquisite craftsmanship, the Himalaya is the ultimate expression of the artistry and tradition of the storied Hermès House.

## OMBRÈ LIZARD

Ombre Lizard is by far one of the most favoured pieces in the auction market, as Hermès upholds the highest standard of skins used by their craftsmanship. Ombre Lizard exotics are very popular amongst collectors, particularly for the skin's delicate gradation and circular raindrop pattern. This is truly a bag for the most discerning collector, a once-in-a-lifetime purchase, thanks to its scarcity in the market.

### HORSE SHOE STAMP

A custom-made Hermès bag is considered the ultimate status symbol in the collectors' world. These custom-made pieces, known as HSS bags, allows customisation in colour, leather, hardware, and stitching, usually in either the Birkin, Kelly or Constance. This petit emblem, features on the left of the Hermès stamp, has a significant meaning in the handbag world. While this unique service is only offered to a selected number of top collectors twice a year, the hardest part for most collectors is the wait - receiving your special order may range from six months, up to three years for exotic skins design.

## SHADOW BIRKIN 35

Initially designed by Jean Paul Gaultier in 2009, the market at the time was unaware of the potential of this dream piece today. The low profile, yet playful, Shadow Birkin bag confused handbag collectors upon its launch in the beginning. Buyers and collectors alike grappled with how a Birkin bag would work without any hardware. Instead, with integrated and stylish design, the flap, straps, and clochette, have been chiseled in the raw material. The illusion of the appearance is ultimately an exceptional presentation of craftsmanship.

## TOUCH BIRKIN

Hermès exotic bags are the most coveted bags for collectors, but for those who want to be a bit more subtle yet stylish, the Touch Birkin is probably your best choice. Perfect for people who are not ready to step their foot into the exotics world, the touch Birkin paired alligator or crocodile skin with a matte finish, making this collection unpredictable but interesting. Only available in a small selection of colour combinations, the Touch Birkin is one of the most iconic of them all.

## KELLYGRAPHIE KELLY 28

The Kellygraphie collection was born from a mysterious find in the Hermès archives. A graphic alphabet from the 1930s, signed only "Mademoiselle D", is the inspiration behind these special, limited edition pieces. At first glance, it may appear that the geometric forms adorning the Kelly are merely decorative. Upon further inspection, the graphic figures are revealed to be letters which spell out "H-E-R-M-È-S".
